

## INSURGENTS WINNING

Spanish Newspaper Reports of Recent Skirmishes.

## A NUMBER OF ENGAGEMENTS.

Two Thousand Spanish Troops Driven From a Fort Which Was Afterward Burned by the Insurgents—Nothing Startling Reported From Havana—Spain Will Ship Torpedoes to Cuba.

TAMPA, Fla., Oct. 12.—Spanish newspapers report an engagement near the city of Santa Clara on Oct. 2. Fifteen hundred regulars under General Valdez were attacked by the insurgents and routed.

La Quinta, in Remedios, was attacked by the insurgents, who took the fort and set it on fire. Two thousand Spanish troops were quartered there. When the fire reached them they retired from the city.

At Bucoito the Spanish forces were surprised while Commander Lieutenant Francisco Lujan was absent. In trying to rejoin his companions they mistook and killed him. When the mistake was discovered the troops left the fort to secure the body. The insurgents rushed in, securing the arms and ammunition, and then retired.

In Vuelta Abajo several small bands have appeared.

The Spanish column under Lieutenant Tovar was surprised near El Corajo, while crossing the Bayamo river on Sept. 24. The Spanish loss was considerable. Many were drowned.

The cutter Morrill has arrived in port from a cruise for filibusters.

## By Way of Havana.

HAVANA, Oct. 12.—Further details received from La Resbalosa, near which place a mixed train of passenger and freight cars was attacked by the insurgents, who threw a dynamite shell between the cars, seriously injuring five of the passengers and more or less injuring all of the others, show that two of the passengers each lost a leg and both hands; the leg of another one has been amputated, and three others are in danger of death. Two of the wounded passengers have already succumbed to their injuries.

Private letters received here from the Vergata district of Manzanillo state that the insurgent leader, Rubi, has issued a manifesto to his followers, placing before them the advantage of peace over armed revolution.

Ex-Queen Isabella, replying to the greeting which Captain General Martinez de Campos sent her upon her birthday, has sent him the following message: "Thank you more than ever for your heartfelt congratulations. You are aware that I follow you with my heart praying God to protect you and give you victory."

Alberto Bezaarreo, an American citizen, has been made a political prisoner at Libertad.

A son of the Earl of Carlisle, who has been visiting in Cuba, has joined the insurgents in the interior.

Captain General de Campos has left Santa Clara for Santiago de Cuba.

## Steamer Searched.

ST. JOHNS, N. F., Oct. 12.—The French cableship Ponier Quertier, was searched here yesterday it having been reported that she had a quantity of arms and ammunition for the Cubans on board. Nothing whatever was found in the way of firearms.

## Shipping Torpedoes to Cuba.

MADRID, Oct. 12.—The government is about to ship a supply of torpedoes to Cuba for the purpose of forming lines of defense to prevent the landing of filibustering expeditions on the island.

## NEUTRALITY LAWS.

They Are Clearly Defined by Attorney General Harmon.

WASHINGTON, Oct. 12.—Attorney General Harmon within the last few weeks has received a large number of letters making inquiry as to the rights of American citizens under international law with respect to expressing their sympathy with Cuba either materially or otherwise in her present struggle. The following is a reply to one of these letters and is substantially the same as all of the replies sent:

"I hasten to say in reply to your letter that the organization of a military force of any kind in the United States in aid of the insurrection in Cuba would be in direct violation of Section 5286 of the revised statutes of the United States, which provides for a fine not exceeding \$3,000 and imprisonment not more than three years for every person who in any way takes part in such expedition or enterprise to be carried on from thence against any prince, state, etc., with whom the United States are at peace."

"As the United States are not only at peace with Spain, but have with her a treaty whereby the extradition of prisoner and other benefits are secured, it behooves all American citizens who have respect for the laws and obligations of their country and regard for its honor to observe this law in spirit as well as in letter, to be neutral in word as well as in deed. While there is not law to prevent American citizens from speaking their sentiments on any subject, singly or together, taking such action as you mention in your letter, would, in my judgment, be discourteous in the highest degree to a friendly power and tend to embarrass the government in carrying out its determination faithfully to execute the laws and fulfill its treaty obligations."

WASHINGTON, Oct. 12.—Yesterday's statement of the condition of the treasury shows: Available cash balance, \$182,751,204; gold reserve, \$92,984,408.

## ROOF FELL IN.

Three Men Killed and Seven Others Injured in Cleveland.

CLEVELAND, Oct. 12.—The huge roof of the casting room at the river blast furnace of the Cleveland Rolling Mill company fell in without warning at 8:30 o'clock yesterday evening, killing three men outright and injuring seven others. The furnace had been tapped a short time before, and a gang of 80 men were covering the cooling iron with sand when the accident happened. Those killed were crushed to death, and are: Charles Wakefield, laborer, 27 years old, unmarried.

Joe Terlis, keeper of furnace No. 5, 40 years old, and man of family.

Tony Gorman, keeper of furnace No. 6, 27 years old, and unmarried.

The four men most seriously injured are:

Joe Benley, legs broken and back and head cut.

Peter Rublaski, legs broken and hurt internally.

John Barrash, head cut.

John Lockish, head cut and body bruised.

It is feared that at least two of the injured men will die.

The men in charge of the furnace are unable to account for the disaster.

The exact amount of the loss to the company can not be ascertained.

## HOOSIER SLIDE GOING.

The Huge Sand Pile to Be Turned Into Brick.

LAFORTE, Ind., Oct. 12.—Hoosier Slide, the towering mountain of sand at the entrance of the harbor at Michigan City, which has been the marvel of thousands of visitors, will soon lose its glory. A brick company is negotiating for the purchase of the immense sand hills, which stretch away for miles to the east and west of Michigan City.

The sand will be utilized in the manufacture of brick under a patent, an immense industry having been established. It is said Hoosier Slide has attracted more visitors than any other point of interest in the state. Compared with the history of the huge mountain are many romances. Couples from all sections of the state have sought its summit to have the marriage ceremony performed.

## DUPLICATE KEYS.

An Attempt Made to Release Harry Hayward From Prison.

MINNEAPOLIS, Oct. 12.—The county authorities admitted yesterday that they had discovered a plot to effect the escape of Harry Hayward, the condemned murderer of Catherine King, from the county jail. Duplicate keys had been made in some way which lifted his cell door and the outer door. These keys have been found by one of the sheriff's deputies and when tried fitted the locks perfectly.

The sheriff had kept the matter quiet and laid a plan to capture the conspirators in the act. A bribe had been offered to one of his deputies, a fact which the deputy promptly reported to Sheriff Heuberg. The publication of the facts will prevent the attempt, but arrests are likely to follow.

## Queen Killed by Antia.

YOKOHAMA, Oct. 12.—Count Komura, director of the political bureau, has forwarded from Seoul, the capital of Corea, a report upon the present uprising there. It is now supposed that the Queen of Corea was killed by the anti-reformers who, headed by Tai Ron Kim, the king's father and leader of that party, forced an entrance into the palace at the head of an armed force, which caused the Japanese troops to take possession of and guard that building to restore order.

## An Old Man Instantly Killed.

PHILADELPHIA, Oct. 12.—William Stratton, aged 60 years, was almost instantly killed last night in the new Odd Fellows' temple. Mr. Stratton was secretary of the Radiant Star lodge and was attending a horsewarming. To provide an additional outlet for the crowds, a temporary bridge had been erected over an area way. While crossing this, Stratton missed his footing and fell to the ground, fracturing his skull.

## Death of a Famous Detective.

PITTSBURGH, Oct. 12.—James J. Brooks, ex-chief of the United States secret service department, but of late years in charge of a local detective agency, died yesterday at his residence in this city of heart disease, aged 76 years. Mr. Brooks had made a wonderful record in hunting down offenders against the United States laws and took an active part in suppressing the famous whisky insurrection.

## Christeners Designated.

WASHINGTON, Oct. 12.—The navy department has designated Miss Gray, daughter of Senator Gray of Delaware, to christen the new gunboat Wilmington, and Miss Guild, daughter of the mayor of Nashville, to christen the Nashville at the launching of the two boats at Newport News on the 19th instant.

## An Ex-Convict's Nerve.

CROWN POINT, Ind., Oct. 12.—Charles Warner, an ex-convict, stole a team of horses last night on the main street, before the eyes of 100 people, and drove them through town. After a 20-mile chase Sheriff Hayes caught him after shooting several times. One bullet cut off one side of the fellow's mustache.

PHILADELPHIA, Oct. 12.—Pay Inspector Albert D. Bache of the United States navy died yesterday at his home in this city after a brief illness, aged 63 years. Albert D. Bache was born in 1834, and entered the service of the United States navy from Pennsylvania on Jan. 8, 1853.

## MILLIONS WERE LOST

The Disaster Was Great Along the Mexican Coast.

## A NUMBER OF LIVES WERE LOST.

The Hurricane, Accompanied by Deluges of Water, Crossed the Isthmus of Tehuantepec and Swept Up the Coast Into the Gulf of California—Many Points Not Yet Heard From.

GUAYMAS, Mex., Oct. 12.—Advices slowly reaching this port from Pacific ports of Mexico and ports on the west side of the Gulf of California convey the intelligence that the hurricane swept northward during the four days—Sept. 30, Oct. 1, 2 and 3—caused great damage to property and shipping, and that a number of lives were lost. Telegraph wires were prostrated, and information comes in by degrees as people arrive from below.

The hurricane crossed the Isthmus of Tehuantepec, swept up the coast into the Gulf of California, doing great damage. The hurricane was accompanied by deluges of water, which completed the ruin the wind had wrought. At Topolobampo all the houses of the American colony were greatly damaged and the customhouse was wrecked.

The Ahomy river, north of Topolobampo, overflowed its banks and destroyed sugar plantations and sugar mills 30 miles away from the channel of the stream. The entire cane crop of the state of Sinaloa as far as reported is completely ruined and the sugar lands and refineries at Ahome, the property of Mark Sherwood of Chicago and associates, were demolished. The sugar crop on the Yaqui river in the state of Sonora is also destroyed.

The damage to the sugar interest of the states of Sinaloa and Sonora is estimated at several millions of dollars. Several coasting steamers are several days overdue at Guaymas, and great apprehension is felt for their safety. The Willamette Valley found safety in Magdalena bay. Topolobampo is the farthest point south from which advices are at hand, and the damage below that point is unknown, but is believed to be great.

## HIS VACATION ENDED.

President Cleveland Starts on His Return Trip to Washington.

BUZZARD'S BAY, Mass., Oct. 12.—President Cleveland and Private Secretary Thurber left at 5:30 o'clock last night on board the Oneida, Commodore E. C. Benedict's steam yacht, which arrived here Thursday for the purpose of taking the president back to Washington. With favorable weather the party should reach their destination on Monday. Mrs. Cleveland and the children will leave Gray Gables for the White House early next week.

The president and his family have been one of the pleasantest, as well as one of the longest, seasons ever spent here, and all of them are in excellent health as the result of their long vacation. Mr. Cleveland especially has been greatly benefited, and declares that he is fully recuperated and in splendid physical condition. He certainly never looked better.

The last day of the president's stay here was spent fishing in company with Secretary Thurber. They started for the fishing grounds about 9 in the morning, returning during the afternoon.

## Placed on the Retired List.

WASHINGTON, Oct. 12.—Colonel George H. Mendell, the second ranking officer of the engineer corps of the army, will be placed on the retired list today by operating of law on account of age. He is a native of Pennsylvania and was graduated at the military academy July 1, 1848, and assigned to the corps of engineers. He served throughout the civil war with great credit and was twice breveted for meritorious service. He reached his present grade September, 1890. At present he is the division engineer for the Pacific coast and is also president of the California debris commission, with headquarters at San Francisco.

## A Woman Poisons 23 Children.

CATANIA, Sicily, Oct. 12.—A woman known as Giannina Stomoli, has been arrested for the wholesale poisoning of children with phosphorus. She administered the poison by mixing it with wine and prodding upon the children to drink the mixture. Her victims already numbered 23. It is stated that they all died in fearful agony. The woman has confessed to having committed the deed and offered as an explanation that she wanted revenge for the death of two of her own children who had been bewitched. A crowd of people attempted to lynch the unnatural wretch, and were prevented with great difficulty.

## Grocery House Burned.

KNOXVILLE, Oct. 12.—At a late hour yesterday afternoon fire broke out in the wholesale grocery house of Hazen & Latspeich on Jackson street, having caught in a mysterious way near the elevator. The flames quickly spread to all of the floors of the building. The fire department controlled the fire and prevented it from spreading to the adjoining wholesale houses. The stock of Hazen & Latspeich is completely ruined by fire and water. The loss is heavy, but is said to be covered by insurance.

SPRINGFIELD, Minn., Oct. 12.—A threshing engine near Mount Lake blew up yesterday killing Joseph Schunk, maker, Jasper Malate and two other men whose names are unknown.

## THREE DAYS' ORDEAL.

Durant Leaves the Witness Stand After Testifying in His Own Defense.

SAN FRANCISCO, Oct. 12.—After a three days' ordeal, Theodore Durant yesterday left the witness stand. District Attorney Barnes tried to draw from the defendant admissions that he was well acquainted with the use of bromo-seltzer, as used in medicine. Durant's replies indicated that he had devoted the night to a study of the compound, as he replied that he had conversed with Dr. West about it in the jail the previous evening. He was able to give its analysis and detailed its pathological effect.

For the first time during the trial Durant pleaded ignorance. In reply to a question by Mr. Barnes he said he did not know what an alibi was until after his trial began.

While testifying yesterday the prisoner became badly confused at times, and when questioned regarding his experience at Cooper medical college, became so mixed in his dates that he had to refer to a card that he carried in his pocket to set himself right. He became noticeably confused and rather testy in his replies when examined in regard to the interview he had with Gilbert F. Graham, a fellow student, at the city prison, whom the prosecution claims Durant asked Graham to furnish him with a copy of the notes of Dr. Cheney's lecture, remarking: "If I had those notes I would be able to prove an alibi."

Durant, in his dogged way, denied absolutely that he had made such a declaration, and tried to explain by testifying that Graham came to him with proffers of assistance, going so far as to inquire anxiously if Durant had the notes of Dr. Cheney's lecture. Durant finally admitted that he asked him to furnish the notes, but he testified that he made the request at the advice of his attorneys who instructed him to get the notes from students of his class and compare them with his own.

The district attorney again forced Durant to admit that he had written a statement of his case and enclosed it in an envelope to his attorneys with the instructions to "open it if he was convicted and to return it if he was not convicted."

Durant was asked if he did not recently show an envelope bearing such an inscription to Miss Carrie Cunningham, a local newspaper reporter. Durant replied emphatically that he had not. He also denied that he had told Miss Cunningham that he had heard suspicious noises in the bellry of the Emmanuel church on the afternoon that Blanche Lamont was murdered.

Several specimens of Durant's handwriting were introduced in evidence for the purpose of comparing them with the writing on the wrapper in which the rings of Blanche Lamont were mailed to her aunt, Mrs. Noble.

The district attorney closed his cross-examination of the witness by trying to show that when he was at the ferries, ostensibly to search for Blanche Lamont, that he was in reality looking for Minnie Williams, who came over from Oakland that evening, and was found murdered in the church the next day. The defense fought vigorously against the admission of anything bearing on the case of Minnie Williams, and after a long argument Judge Murphy sustained the objections.

After Durant was excused, Charles T. Lenahan, who is said to have been mistaken for Durant by Pawnbroker Oppenheim, was recalled to the stand for further examination. Little progress had been made, however, when court adjourned until Tuesday morning.

## MEXICAN BOUNDARY LINE.

The Joint Commission Once More Begins Work in Washington.

WASHINGTON, Oct. 12.—The commission appointed under the treaty of Feb. 29, 1882, to survey and relocate the existing frontier line between the United States and Mexico, resumed its sessions in this city yesterday. The commission consists of Colonel J. W. Barlow; Lieutenants D. D. Gailiard and A. T. Mosman, on behalf of the United States, and Senors Don Jacolo Blanco, Don Felipe Valle and Don Jose Tomboul, representing Mexico.

The purpose of the commission is to resurvey the land boundary from the Rio Grande west to the coast. When the original boundary line was fixed in the early fifties, but few monuments and markings were erected. Most of them have since disappeared. The commission has spent about three years in field work and held its last session in San Diego, Cal., about a year ago. The location of the line does not involve any disputed territory. Yesterday the commission began work on the field notes. Colonel Barlow is of the opinion that the full report will not be completed before spring. Another Mexican boundary line commission is working on the boundary originally fixed by the Rio Grande river, which has a constantly shifting bed.

## Holmes Case Revived.

INDIANAPOLIS, Oct. 12.—Interest in the Holmes case was revived here yesterday by the reappearance of Detective Geyer of Philadelphia. He turned up unexpectedly in Covington. Going to the house where Howard Pietzel was murdered and his body burned, Geyer fitted a key from his pocket in the front door night latch. It worked perfectly. The key had been found on the person of Holmes after his arrest in Philadelphia. Dr. Thompson, who lived in the house before Holmes occupied it, recognized the key as the one he had himself carried for two years.

GLOUCESTER, Mass., Oct. 12.—Charles A. Russell of this city, recently nominated by the Democrats as a candidate for congress from the Sixth district, has declined to run.

## SCARCITY OF ORDERS.

Growing Uncertainty About the Near Future.

## STILL THERE ARE PROSPECTS.

Money Markets Are Neither Strained Nor Threatening, Foreign Exchanges No Longer Raise Apprehension and All Fears About the Great Northern Crops Are Past.

NEW YORK, Oct. 12.—R. G. Dun & Company's weekly review of trade says: The price barometer gives indications that are not entirely favorable. Cotton goods go up with increasing evidence that the crop of cotton is short. Prices of other manufactured products, of wool, hides and leather, all show some decline, a general abatement in new orders being the principal cause. With an immense volume of business, not much exceeded in the largest month of the exceptional year, 1892, and with evidence that in several important branches the volume has surpassed that of any previous year, there is a growing uncertainty about the near future of industries. Money markets are neither strained nor threatening, foreign exchanges no longer raise apprehension, all fears about the great northern crops are past. There have been few advances in wages of labor within the past month and only a few works have been closed by strikes for an advance.

The production of pig iron Oct. 1 was the largest in the history of the country—201,414 tons weekly, against 194,029 Sept. 1, 196,000 being the highest in 1892. Stocks unsold are not stated, but substantially the whole production is in execution of past orders. On the other hand, new orders are exceedingly small. There is a marked decrease in almost all finished orders, tank steel is lower, bar iron is offered by some at concessions, plates are not firm, the structural demand has greatly increased and wire rods decline \$1 to \$29, with lower wire and much reduced demand for nails. Bessemer pig has fallen \$1 to \$15 at Pittsburgh, and grey forge 25 cents, and prices of iron products average 1-1-2 per cent lower for the week. Discontinuance of a demand, which could not be expected to continue at the same rate after prices had risen 52.9 per cent, leaves actual consumption in question.

In woolen manufactures a demand for dress goods and some specialties keeps many fully employed, but most of the works making men's woolsens, for which new orders scanty, find not enough to keep them running. To pile up goods in advance, wholly in the dark as to future foreign competition, involves such risk that some concerns may close for a time. Yet sales of wool continue heavy, 11,349,200 pounds for the week, largely speculative. The cotton manufacture is peculiarly favored by the rise in materials, and by the extraordinary stock of cotton brought over from last year, but goods are also advancing, those quoted last week now averaging 90.8, against 87.5 per cent of the prices of 1890.

It is too early for cotton movements to cast much light on the probable yield. Port receipts, thus far 25 per cent smaller than last year, do not indicate as small a crop as many feared, in view of the known lateness of picking. Widely circulated advices to hold back cotton have some influence also. At present prices, averaging 8 1-2 cents in southern markets against 5 3-4 a year ago, 7,000,000 bales will bring \$13,000,000 more than 9,900,000 bales brought last year.

Wheat receipts have been 7,531,474 bushels, against 4,690,181 last year, and Atlantic exports only 1,707,629 bushels, flour included, against 1,998,786 last year. The movement at Duluth is so heavy as to absorb vessels, and almost arrest more shipments.

Failures for the week have included two banks and several concerns of some size, and have been 268 in the United States, against 231 last year, and 52 in Canada, against 43 last year.

## FAVORS A CANAL.

Report of the President of the Nicaragua Canal Commission.

WASHINGTON, Oct. 12.—Major Ludlow, the president of the commission sent by the president to Nicaragua to make the government investigation of the canal, has finished his report and it will be made public shortly. Major Ludlow makes a most exhaustive statement and his chief recommendation is in favor of the Nicaraguan route other than the Panama one.

But in his report he says that the line already laid out by the Nicaragua Canal company is not the best one, for the commission by its investigation found that it would be more feasible and cheaper in the end to take a different course than that pursued by the company's engineers.

Speaking about the work of the harbor at Greytown, the report will say that all that is done so far is as good as naught, for although there has been a great deal of dredging, the harbor being of a sandy soil, as soon as the excavations have been made the sand has washed into them again and rendered the work almost nil.

Major Ludlow in his report states most distinctly that the commission recommend that the government should assume financial responsibility for the undertaking and should build the canal. These are the chief recommendations in the report, although, of course, the document is filled up with much detail and reports of the trip.

Light showers, followed by clearing weather.

It is no time now for a Democrat to turn his back on his party or its ticket.

The Evening Post, abusing the New York Sun for being a "Mugwump," is another striking illustration of the pot's calling the kettle black, very pertinently remarks the Frankfort Capital.

The total registration at Covington is as follows:

	Dem.	Rep.	Ind.
Men.....	5,374	2,429	171
Women.....	3,229	2,258	21

"The women are with us, God bless 'em," Br'er Davis.

The claim is now made, we understand, that Colonel W. J. Worthington, Republican nominee for Lieutenant Governor, was not in Maysville on the day he was recently advertised to speak here. All we have to say in answer to this is that Mr. Milford Keys, an old newspaper man from Portsmouth, while in the BULLETIN office on the date referred to, casually remarked, during a talk on the campaign, that he had "just seen Colonel Worthington on the street." Mr. Keys added that Colonel Worthington was alone, and that the Republicans seemed to be showing him no courtesies. We have no reasons at all to doubt Mr. Keys' word.

## SENATOR TYLER.

The Democratic Nominee For Lieutenant Governor Delivers a Telling Speech on State Issues.

Hon. R. T. Tyler, of Hickman County, Democratic nominee for Lieutenant Governor, spoke at the the court house Friday afternoon. His speech is pronounced one of the best yet delivered in Maysville. He discussed State issues, and devoted much of his time to the poor showing made by the strong Republican counties, as compared with Democratic counties. He gave some figures on this subject that every voter ought to consider.

Senator Tyler's speech was a strong argument in favor of Democracy and Democratic rule. One well-known Democratic citizen, who has been thinking of voting against Hardin, announced after hearing Mr. Tyler that he had changed his mind and would now vote the Democratic ticket from top to bottom. Mr. Tyler's speech he thought the Democrats ought to have him speak here again before the campaign closes.

The attendance yesterday was not as large as Senator Tyler deserved. But a speaker has to have a wide reputation as an orator to draw a crowd in Maysville at an afternoon meeting.

### The Lost Found.

The missing has been found. Master Morris Campbell, aged thirteen, of this city, while visiting in Covington this week with his mother, suddenly disappeared on Tuesday. A thorough search failed to bring to light any traces of Morris. His brother Theo. was telegraphed for Thursday night, and intended going down yesterday to aid in the search, but another telegram yesterday morning brought the glad news that Morris had turned up all right. He had boarded a freight train in the Covington yards Tuesday, thinking it was a yard train, but the first stop was twenty miles out from that city. Morris had to count the ties back and was two days and nights making the trip.

## COWARDLY.

Republicans Wont Allow Bradley to Meet Democrats in Debate,

And When Democrats Attempt to Answer Him They Are Beaten Up.

The Louisville Courier-Journal published one morning this week a special from Manchester, Clay County, that shows what free-speech and fair-play mean in some Republican sections. A young Democrat who undertook to make a speech at Manchester in answer to Col. Bradley was attacked by Republicans, threatened with knives and pistols and choked into submission. He was then put under bond of \$1,000 to "keep the peace."

Here's the account in full, according to the special: "After Mr. Bradley had concluded his speech Professor W. F. Hinkle, a young school teacher of some ability and of a character above reproach, wished to answer some of Mr. Bradley's statements and arose for that purpose. But the Republican leaders present were not disposed to allow anything of the kind and began to shout, 'Take him down!' and then 'Take him to jail!' When Hinkle insisted on talking the Republicans got mad.

"Mr. Bradley took his leave hurriedly, and County Judge Parker, the Sheriff and several others crowded around Hinkle in an intimidating way. Knives and pistols were drawn, and when Hinkle, seeing his danger, reached for his saddle pockets, he was seized and choked to the floor by the 'officers of the law,' who surrounded him. Many pistols were out, but as it was a mob against a handful the Republicans won. Those who were near assert that Parker, the County Judge, approached Hinkle at the beginning of the trouble with a drawn knife, while the Republican Sheriff and his deputies pulled their guns.

"Hinkle was arrested by the guardians of the peace for the crime of attempting to make a Democratic speech, and, in further mockery of justice, was arraigned before the same Judge Parker who had participated in the affair, and was bound over in \$1,000 to 'keep the peace,' which probably means to make no more Democratic speeches. The bond was quickly signed by his friends, among them a number of Republicans who denounce the methods pursued by the officials.

"The affair has called considerable excitement. Last week a negro Deputy Sheriff arrested young Baker, the son of the present County Attorney, and brought him to Manchester handcuffed. That affair aroused Baker's friends, and they have been swearing vengeance on the negro Deputy, as well as the County Judge and others who uphold the Deputy's action.

"It is a pity that voters of Kentucky can not see how Republican rule works in Clay County. It would banish every thought of Republican domination in the State. One important county official is an ex-convict. One of the Deputy Sheriffs is a negro ex-convict. Another important official is under indictment for murder, and thousands of dollars are due the county from defaulting officials who have neither been punished nor made to pay up."

### Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed in the Spring, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malaria poison. Headache, Indigestion, Constipation, Dizziness, yield to Electric Bitters. Only fifty cents per bottle at J. James Wood's drug store.

## CLOSING BUSINESS OF THE SYNOD.

### Summary of What Was Done Friday. A Vote of Thanks to the Central Church and the People.

The devotional exercises at the opening of the Synod yesterday were conducted by Elder J. A. Logan.

Overtures from the Presbyteries of West Lexington and Ebenezer touching the boundaries of Ebenezer were referred to the Committee on Bills and Overtures, and was adopted. Some members of a church in West Lexington live in the bounds of Ebenezer and the lines were changed so as to include them in West Lexington.

The special Committee on Sabbath Observance made report through Dr. Converse, Chairman, and same was adopted.

Rev. A. M. Crawford presented a paper upon Sanctification, which was received and referred.

The report of the Synod's Executive Committee on Evangelistic Work was the subject of a prolonged discussion and was finally passed with some amendment, and the Moderator then by order of the Synod led in prayer for God's blessings on the evangelistic work for the year. The Synod voted to raise \$10,000 for the work the coming year, to be apportioned among the various Presbyteries. Rev. Dr. Witherspoon, of Louisville, was made Chairman of the committee and will have full charge of the work.

The special committee's report on Sabbath Schools was presented by Rev. D. M. Sweets, and adopted after some amendment.

Report on Systematic Benevolence was read and adopted.

The records of all the Presbyteries were approved.

"How Can the Meetings of Church Courts be Made of Spiritual Profit to the Members of Such Courts and Also to Our Private Church Members," was chosen as a subject for consideration at the next meeting of the Synod, the discussion to be opened by Dr. Hemphill and Dr. Green.

Rev. J. S. Hays, D. D., of the Assembly of the Presbyterian Church of the United States was introduced and invited to sit as a corresponding brother.

Rev. J. M. Weaver, Dr. Green and Elder Turner were appointed to prepare a memorial on the death of Rev. E. A. Cheek of Transylvania Presbytery and report at next meeting of Synod.

Rev. S. D. Boggs and Dr. Robert Berry were appointed a committee to prepare and report at next meeting of the Synod a memorial on the death of Rev. J. B. Devalt.

By a rising vote, the Synod extended its thanks to the Central Presbyterian Church and the people of Maysville for their generous entertainment. Thanks were also extended the electric railway company for courtesies.

The Synod changed the time of its annual meeting from the first Tuesday to second Wednesday in October.

Rev. Dr. Stagg, of Bowling Green, preached last night. At the conclusion of the sermon, the minutes of the day's session were read and approved, and the Synod then adjourned, with benediction by the Moderator Dr. Cave, to meet in Bowling Green at 7:30 p. m. the second Wednesday of October, 1896.

The meeting has been a very interesting and pleasant one, and the good people of Maysville have enjoyed the visit of these earnest workers in the Master's cause. Dr. Cave, the Moderator, is a fine presiding officer, and has won a host of friends in Maysville who are glad to know he will remain over until Monday and preach to-morrow. He will fill the pulpit at the Central Presbyterian Church to-morrow morning and at the M. E. Church, South, at night.

Churches requesting supplies for Sunday were accommodated as follows:

Central Presbyterian Church at 10:30 a. m. the Rev. Dr. Cave, at 7 p. m. the Rev. Dr. Irvine.

M. E. Church, South, at 7 p. m., the Rev. Dr. Cave.

M. E. Church at 10:30 a. m., the Rev. W. H. Miley.

Church of the Disciples, at 10:30 a. m., the Rev. Dr. Irvine.

West End Presbyterian Mission at 7 p. m., the Rev. W. H. Miley.

MRS. NANCY HUGHES died this morning at the home of her daughter on Pleasant Ridge, near Springdale, of paralysis and general debility. She was eighty-seven years old, and was the grandmother of Mrs. L. P. Frank, of Forest avenue. Funeral to-morrow at 11 a. m.

LADIES, when you start out to buy dress goods, or a cloak, cape or jacket, you will certainly make a mistake if you fail to call at Browning & Co.'s. They have the very latest and very best things in these lines. Call and take a look at their goods. See advertisement.

THOMAS KING and Miss Bessie Carpenter were married Wednesday afternoon at 5 o'clock at the residence of the bride's uncle, John R. Carpenter, in Flemingsburg, Elder William Stanley officiating. The bride is a daughter of Mr. Elias Carpenter. The groom is a son of Mr. J. C. A. King, and is a worthy young man.

DR. S. B. GRIMES, who was raised a few miles north of Aberdeen, left this week for Germany, where he will enter the famous Heidelberg College, for a post-graduate course in medicine, and after a year and a half there, will spend six months in Berlin. The doctor has an ambition to go to the head of his profession.

THE Presbytery of Ebenezer (Northern) in session this week at Mt. Sterling decided for Rev. F. J. Cheek, who had lately accepted a call to the church at Ludlow, to remain at Paris. Rev. Dr. Hays, of Maysville, was chosen to argue for the Paris church in its protest against Rev. Cheek accepting the call. Rev. Cheek has been pastor of the First Presbyterian Church in Paris for nine years.

EDITOR Charles C. Moore, of the Blue Grass Blade, was indicted by the U. S. grand jury at Louisville this week. The indictment charges that Moore deposited in the postoffice at Lexington, for mailing and delivery, a certain obscene, lewd, lascivious and indecent publication, which was contained in the "Blue Grass Blade," under the head of "A Reader Talks Straight at Me About the Law of Population." The indictment further reads: "The said publication is so obscene, lewd, lascivious and indecent that it would be improper for a particular description to appear in the records of this court."

CINCINNATI Tribune: "L. T. Anderson, a traveling man living in this city, Thursday evening reported to the police that he had been robbed by a sneak thief while at Lexington, Ky., in the morning. He had been stopping at the Phoenix Hotel in that city, the thief entering his room and securing two diamond-set collar buttons and \$20 in cash."

REV. GEO. O. BARNES, who is now holding a meeting in Richmond, astonished his hearers Tuesday night with the startling declaration that he would never die, but, like Elisha of old, be transferred bodily into the New Jerusalem. He also said that sickness, accidents, fires, cyclones and death were the works of the Devil, and that the Deity had nothing for men but paternal love and infinite blessings.

THE venerable Mrs. Apphia Pepper, mother of Mrs. John W. Watson, celebrated the ninety-fifth anniversary of her birth October 5th. She still retains full possession of all her faculties, notwithstanding her advanced age, and talks interestingly of persons and events of her early days. She rode from Mayslick to Maysville on horseback to see the first steamboat on the Ohio. She also made the trip from Mayslick to her old home in Woodford County often on horseback. Mrs. Pepper was born in Woodford, her maiden name being Turpin. She knew Henry Clay and other prominent Kentuckians of his day. She has met with several accidents during her life but has survived them all. Both of her arms, two ribs and one of her hips, however, were fractured in these accidents.

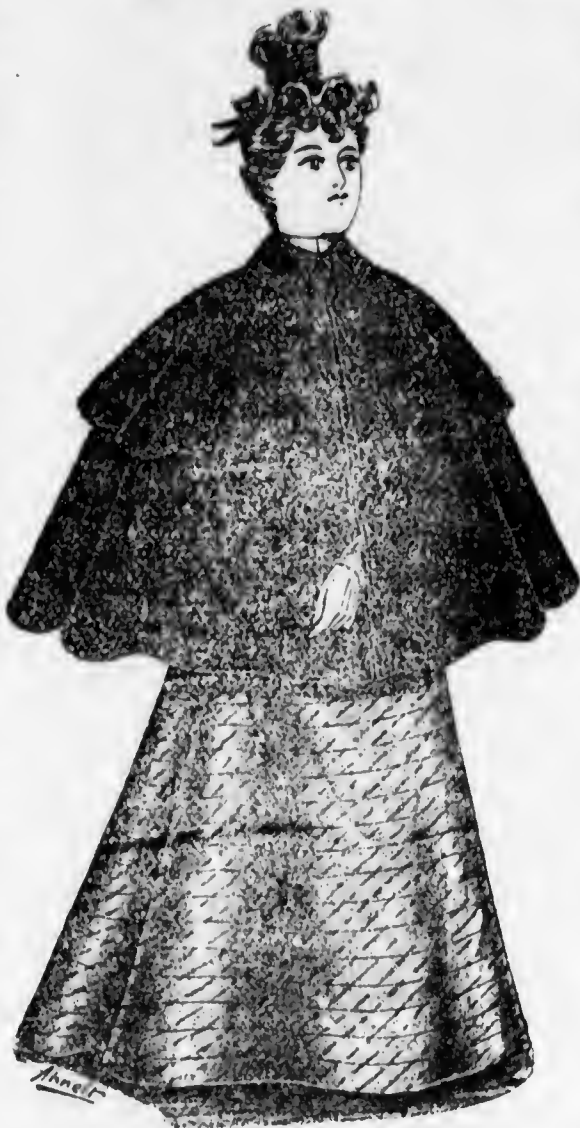

Are you taking SIMMONS LIVER REGULATOR, the "KING OF LIVER MEDICINES?" That is what our readers want, and nothing but that. It is the same old friend to which the old folks pinned their faith and were never disappointed. But another good recommendation for it is, that it is BETTER THAN PILLS, never gripes, never weakens, but works in such an easy and natural way, just like nature itself, that relief comes quick and sure, and one feels new all over. It never fails. Everybody needs take a liver remedy, and everyone should take only Simmons Liver Regulator.

Be sure you get it. The Red Z is on the wrapper. J. H. Zeilin & Co., Philadelphia.

## KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

### A Chilly Reception at Cynthiana.

CYNTHIANA, Ky., October 10.—Colonel W. O. Bradley, Republican candidate for Governor, spoke here to-day to an audience of 500 people, and although the Republicans had made arrangements to entertain several thousand people, they failed to put in their appearance, and the Colonel had as cold an audience as he has struck. Had there not been three millinery openings in town, the crowd caused by his presence here would not have been noticed.

### Marvelous Results.

From a letter written by Rev. J. Gundersen, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at J. James Wood's drug store. Regular size 50c and \$1.

Petition to Others.

By virtue of a judgment in the above styled case, rendered in the Fayette Circuit Court the 16th day of September, 1895, I will on

Thursday, Oct. 17, 1895,

as Special Commissioner, sell at public sale a tract of land containing one hundred and seventy-six acres and seventy-eight poles (176.78) situated on the Russell Cave pike, in the county of Fayette, adjoining the farms of Thomas Carick, George Graves, L. P. Huffman, Jacob Sidener and Charlie Harp.

Said sale will be made upon the following terms:  
One-third on the 1st day of March, 1896, one-third on the 1st day of March, 1897, and one-third on the 1st day of March, 1898, with interest at rate of 10 per cent per annum from the 1st day of March, 1896, until paid. Purchaser will be required to execute bond with approved security, complying with terms of sale. Lien will be retained for the deferred payments. Possession of said place will be given on the 1st of March, 1896.

Said farm is situated 11 miles from Lexington, 8 miles from Paris, 8 miles from Georgetown, and 1 1/2 miles from Centerville depot on the Midland railroad, and one-fourth of a mile from church, school house, postoffice, store and blacksmith shop. Upon the farm is a good residence of seven rooms, stock barn, lee house, meat house, buggy house, corn crib and cabins. This is one of the best fenced farms in Fayette county; more than 100 acres in grass. On it there are five well pools of never failing stock water, a good cistern and deep well; an orchard of select fruit. The land is naturally good, and is now in fine condition for cultivation.

The Old Faxon and Hain's Mill pike runs through the farm, leaving upon the south side about 47 acres, and upon the north side 129 acres and a fraction. These two portions of the farm will be offered first separately, and then as a whole, and the highest bid will be accepted. The sale will take place at 11 o'clock a. m.

H. C. FUNK,  
Special Commissioner.

COL. A. T. FORSYTHE, Auctioneer.
